# NOTICE

## Emergency Purchase

**Date:** April 24, 2017

**Description of Emergency:** Septic System Failure at John F. Kennedy Middle School

**Vendors' Name:** Tidewater Utility Construction

**Requested by:** Department of Facilities and Planning

**Description of Purchase:** There is a failure in the septic system and lines are damaged that have caused the system to fail to operate effectively. Currently, the school is having the septic tank to be pumped on an every other day basis as there is an unknown obstruction in the pipe. With the problem being largely unknown, the best course of action is to excavate at a known area of damage to fix and attempt to return the school to normal function

**Cost:** Time and material arrangement; early estimate has cost at approximately \$50,000
