

**Section 2-2.1:2 Statement of purpose; school activities; report by chair. — A.** Members of the School Board should familiarize themselves with school activities taking place in Suffolk Public Schools. This can be accomplished by attending school activities to which members of the School Board are invited to attend.

B. Each member of the School Board must attend at least four (4) school activities during the school year and report in writing on those school activities at any regularly scheduled meeting of the School Board. “School activities” means all school activities in which students enrolled in Suffolk Public Schools are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

C. At the last regularly scheduled School Board meeting in June, the chair of the School Board provides a written report detailing those school activities attended by members of the School Board during the school year.

**Legal Authority —** Virginia Code §§ 22.1-78 and 22.1-79(2).
