Discipline/PBIS

Problem Statement: Students entering Turlington Woods often enter academically behind due to behavioral disruptions and therefore need extra support and scaffolding to return to their homebase schools.

SMART Goal: During the 2023 - 2024 school year, Turlington Woods will increase student engagement and academic student interventions by requiring students to maintain a C average during their tenure at Turlington Woods.

Essential Action/Research Based Strategy/Evidence-based Intervention

(Change Idea): The PBIS and progress monitoring team will work together ensure students receive interventions that will provide students with the necessary individualized supports required to help them meet the expectations of TWS and prepare them to return to their base schools. .

Alignment to the Strategic Plan: Goal 2

Climate and Safety

Problem Statement: Referrals at Turlington Woods increased from 20 during the 2021-2022 school year, to 96 during the 2022-2023 school year.

SMART Goal: During the 2023 - 2024 school year, Turlington Woods will decrease referrals by 10% across the school.

Essential Action/Research Based Strategy/Evidence-based Intervention (Change Idea): Referrals will decrease at TWS due to a consistent presence of adults in the building and increase in their presence in the hallway.

Alignment to the Strategic Plan: Goal 2

Family Engagement

Problem Statement: Parents are involved with the student orientations and exit meetings, however, they are not involved with the day to day happenings at the school.

SMART Goal: During the 2023 - 2024 school year, Turlington Woods will increase its parent engagement by 10% through media engagement.

Essential Action/Research Based Strategy/Evidence-based Intervention (Change Idea): TWS will increase parental involvement in the day to day functions of the building through the use of media/social media/communications tools available to the school.

Alignment to the Strategic Plan: Goal 4
